Alert Level 2

Kia ora e te whanau

Thanks for your patience and hard work to help eliminate Covid-19 from our community. After the level 2 announcement we would like to share with families what this means for our school. On Tuesday, the 7th of September at 11.59pm we move to level 2 and this will give the staff of the school 48 hours to get ready to receive our tamariki. Therefore the school will **reopen on Thursday, the 9th of September**. These are some of the conditions under level two which we all have to follow:

Level 2

1. The school is officially open and **ALL** students are required to return to school unless they are sick or are currently isolated at home due to them experiencing symptoms of Covid-19 .
2. The school will not be holding any community events that have more than 50 people in an indoor venue at any one time.
3. All teachers/teacher aides/staff will return to school and will be monitoring student well-being and helping them settle back into classroom routines.
4. Primary school students are not required to wear a face mask at school, however we respect the choice of parents/guardians if they wish this to happen.
5. QR scanning or signing a register is mandatory if anyone comes onto the school grounds.
6. We will ensure that daily cleaning of surfaces happens in all classrooms.

We realise that there has been a huge disruption with learning over the last three weeks and we will work hard to promote student well-being. This will take time and staff will make sure they monitor the social & emotional welfare of their students.

Finally, if any parents/guardians have problems with students returning to school please contact the office or the classroom teacher and we will provide help in getting your child/ren back to kura.

We are all in this together!

Nga mihi nui,

Matua Tiwana Hibbs
